Coronavirus Update 1 April

Greetings from The EBA team,

It has been really encouraging to hear of the different ways that some of you have been connecting with your community over the past couple of weeks, these can be read on the EBA Facebook page and we would love to hear your story too. Please keep them coming.

We recognise that lots of you are working hard each week to deliver a "Sunday service" to your churches from a virtual platform. We have been able to include links from lots of churches that have been able to do this for those who are finding this more difficult which we are grateful to you for sharing with us. This list is updated each week and added to our website.

To help and add to this the EBA Regional Ministers are preparing some thoughts for Holy Week.

Graeme has uploaded a YouTube video with a reflection for Palm Sunday. [You can find this here](#)

Beth will be doing something for Good Friday and Nick will be doing Easter Sunday both of these will be found on the [EBA YouTube channel](#). On Maundy Thursday we will provide a link to a Tenenbrae service which is being produced by one of our churches.

Nick has also uploaded the sermon, as mentioned in the Thought for the week [You can find this here](#)

The Specialist teams are still working really hard to update guidance on the

BUGB website, this is reviewed and updated as necessary- [the latest updates were posted on 30th March.](#)

They have also created some helpful webinars which have been recorded and can still be accessed from the BUGB website. [These can be found here](#) and will be added to as time goes on.

There is also information about the immediate [financial response](#) from Baptists Together.

Lastly but probably most importantly Lynn Green leads a prayer broadcast every Sunday evening and Wednesday evening at 7pm, these can be joined by anyone. Tonight's invite to join can be [found here](#)

Take Care, Look after yourselves and know we are praying for you all
