Together at the table
BMS weekly update, 7th March
2024

International Women's Day takes place annually on 8 March and this year's theme is "inspire inclusion."

For me, in my role as BMS' Gender Justice Co-ordinator, this is a day to celebrate the resilience and strength of all women. I am inspired by Proverbs 31, which tells us that the ideal woman is virtuous, strong, and selfless. She does not wait to be served but rises early, even before sunrise, to delegate tasks and engage in business.

[BMS and our partners](#) are committed to achieving gender justice. Your prayers and generosity enable our partners to welcome refugee women on the Greek island of Lesbos, amplify women's voices in Bangladesh, and provide women with education and skills in India. In a world divided by our differences, everyone has a seat and is welcomed in God's Kingdom.

I believe what the world needs now is healing and love for one another. I would invite us all to think about what

“together at the table” means and how we can “inspire inclusion” for all girls and women in the world.

Happy International Women’s Day!

Every blessing,
Annet Ttendo-Miller

This week we are praying for gender justice and an end to discrimination against women and girls.

BMS' partners seek to empower women in many ways, including through advocacy, training for BMS personnel and partners, and increasing access to technology for women.

- Pray that upcoming training with BMS personnel and partners will result in increased commitment to gender equality.

- Pray for God's wisdom and knowledge for Annet Ttendo Miller, our Gender Justice Co-ordinator as she works towards securing justice and equality and ending discrimination against women.

- Praise God for male gender champions committed to advancing gender equality in the workplace. Pray that men and women will continue working together as allies and agents of change.
